

EVERYBODY NEEDS PURE, RICH BLOOD

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia.

Pure blood is required by every organ of the body for the proper performance of its functions.

Hood's Sarsaparilla makes pure blood, and this is why it is so successful in the treatment of so many diseases and ailments. It acts directly on the blood, ridding it of scum and other impurities. It is a peculiar combination of blood-purifying, nerve-toning, strength-giving substances. Get it today.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

ROOSEVELT IS SUED BY WIFE; CRUELTY CHARGE

"FOOLISH LITTLE WOMAN," SAYS COUSIN OF FORMER PRESIDENT

New York, Nov. 1.—John Ellis Roosevelt, Col. Theodore Roosevelt's first cousin, against whom a separation suit has been begun by Mrs. Edith M. Roosevelt, was in a particularly jovial frame of mind today. He did not appear at all distressed over the legal action, but was inclined to peevishness because the filing of the suit has caused him to abandon plans for an auto trip.

"I am charged with being cruel and inhuman," said Mr. Roosevelt, with a laugh. "That is the awful charge that Mrs. Roosevelt has brought against me. And I am too modest to defend myself along those lines. This action has spoiled my plans. I was about to go on a long auto trip, but now I must remain in town. Mrs. Roosevelt is a foolish little woman. The trouble with the women of today is that they have too many strange theories. These theories are making for domestic unhappiness. We are having too much feminism. There must be but one head of a household. Two heads will precipitate trouble. That is true in my case. For instance, Mrs. Roosevelt would want to live at one place and I, for business and other reasons, desired to live at another. Maybe that is being cruel and inhuman. Two weeks ago she took her departure. It was a mystery and surprise to me. But Mrs. Roosevelt deserted me."

"When the women get the vote it will be all up with us. I tell them I am in favor of giving them my vote. When they ask me how I shall do it I tell them to select the candidate they think most fitted for the office and I will give him my vote."

A TWICE-TOLD TALE

One of interest to our readers. Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Guthrie man is confirmed after two years.

A. G. Goff, U. S. deputy marshal, 218 East Villa Ave., Guthrie, says: "I suffered terribly from kidney trouble, caused by constant horse-back riding and exposure to all kinds of weather. My back and loins were intensely painful and I was hardly able to hobble around. The kidney secretions were highly colored, scant and burned in passage. I used all kinds of medicines in my effort to get relief, but it was left for Doan's Kidney Pills to bring the desired results. They cured the attack and during the years which have since passed, I have had no serious return of the trouble."

USE DOAN'S OCCASIONALLY.
MORE THAN TWO YEARS LATER, Mr. Goff said: "Whenever backache comes on me, as a result of too much horse-back riding, I use Doan's Kidney Pills. They soon put me in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Goff has twice publicly recommended. Foster-McMillan Co., Props., Buffalo, N. Y.

BACK HURTS
BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the loins or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four grains of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and eliminate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delicious and refreshing lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

BERKEY TELLS OF OIL WELLS OF EARLY DAYS

WELL FOR OIL AND GAS WAS DRILLED IN KANSAS IN 1888

Olton, Nov. 1.—As far back as 1883 a prospect well, looking for oil and gas, was drilled in the vicinity of Washington, Kan., according to Ben F. Berkey of Olton, former mayor and state senator at Guthrie.

In that year Berkey was a representative in that district of Kansas and Nebraska for the old Buckeye Harvester company, and the well was drilled during his residence there. To that district had come a colony of Pennsylvanians who had located on farms and were making good from an agricultural standpoint. "Pennsylvanians Dutch, they were," says Berkey. They remembered oil conditions in their native state and believed it possible that oil and gas were underlying the Sunflower soil also. They assembled a bunch of acreage and expert drillers came from the Pennsylvania fields to drill the test well. Berkey does not remember the depth reached but says it was understood to be a thorough test at that time. It was a duster.

CASTORIA

THIS MAN MAKES
MOST FORTUNATE FIND

New York, Nov. 1.—Wall street has heard many stories of fortunes made over night as a result of the flight of Bethlehem Steel common stock from \$30 to \$600 in less than a year, but the latest, from Jamaica, easily takes the prize. Because Frederick M. Kerr bought 28 shares of Bethlehem in 1909 at \$12 and proceeded to forget it he found himself today richer by \$15,000. His original investment was \$336. Today his holdings in Bethlehem, "at the market," were worth \$15,240. Kerr didn't know he had the stock until today. He was engaged in cleaning out his desk, when he ran across a bundle and opening by chance discovered an engraved certificate falling for 28 shares of Bethlehem common.
